EXPERIENCE

HyperTrack, SF, CA — Consultant: *Dev/Community Relations*

MARCH 2017 - JUNE 2017 www.hypertrack.com

Inspire and equip developers and provide thought leadership and guidance. Understand and communicate use cases and develop content around them in the form of documentation, tutorials, blog posts, and videos. Provide real-time support to users through verbal and written channels. Attend meetups, hackathons, and conferences on behalf of the organization and facilitate partnerships accordingly. Gather feedback from developers and use it to expand the Product and make it better. Communicate with developers through forums (online and offline), systems like Stack Overflow and Quora, social channels, and through day-to-day interactions.

XDA-Developers, Media, PA — *Dev & Community Relations*
